WEEKLY CROP BULLETIN.

For the Week Ending February 3, 1906.

Local Office, U. S. Weather Bureau, Honolulu, T. H. February 5, 1906.

GENERAL SUMMARY.

Although good showers occurred in some localities early in the week, the week as a whole was quite dry for this season of the year, and was marked by fairly warm, sunny days, very cool nights, and occasional high winds.

While the growth of young cane has been checked by the continued cool weather, conditions have been quite favorable for the ripening of 1905 cane and for field work in the plantations. The harvesting and grinding of mature cane have therefore proceeded rapidly in all sections. Winter crop pineapples, under the influence of the sunny days, have ripened rapidly during the week, and young pineapple plants have grown well. Coffee trees are generally reported as in good condition; the harvesting of this season's crop was completed at Laupahoehoe, Hawaii, during the week. The setting out of rice for the first crop of 1906 has begun in most sections, and is almost completed in the Hanalei district of Kauai. Lowland pastures in this section have been somewhat damaged by salt winds from the ocean, but pastures generally throughout the Group are in good condition. Grazing stock in the upper levels is still suffering to some extent from the continued cool weather.

REMARKS BY CORRESPONDENTS.

ISLAND OF HAWAII.

Kaunama—Weather continues dry, with high winds, mostly southerly; quite cold here when wind comes from direction of snow-covered Mauna Kea; good ripening weather, but poor for growth; stripping and harvesting cane; mean temperature, 66 deg.; rainfall, .07 inch.—J. E. Gamalielson.

Ponahawai—Dry, cold and windy; cane growing slowly, but ripening well; harvesting cane; rainfall, .01 inch.—J. E. Gamalielson.

Hilo—Dry weather, with warm days, cold nights, and high winds from northeast; at 6 p. m. of 31st ult., a strong tidal wave swept the bay, but did little damage; mean temperature, 70 deg.; rainfall, .23 inch.—L. C. Lyman.

Papaikou—Weather cold and stormy, with high winds; crops at a standstill; plowing land; cutting and grinding cane; rainfall, .18 inch.—J. T. Moir.

Peepee—Dry and cold, with high winds; cutting and grinding cane; clearing and plowing land; mean temperature, 70 deg.; rainfall, .58 inch.—James Webster.

Hakalau—Dry weather, with high winds; cane ripening rapidly; plowing land; planting, hoeing, fertilizing and cutting cane; rainfall, 1.03 inches; rainfall at Honohina, .75 inch.—J. M. Ross.

Papaiaua—High winds, with cool days and nights; cultivation of crops progressing; rather too cold for young cane; rainfall, .10 inch.—C. McLennan.

Laupahoehoe—Cold, northerly winds; coffee harvesting finished; mangoes and alligator pears in bloom; rainfall, .70 inch.—E. W. Barnard.

Ookala—Dry weather, with strong northerly winds on 30th and 31st ult.; harvesting cane; mean temperature, 68 deg.; rainfall, .12 inch.—W. G. Walker.

Paauilo—Weather unimproved; winds continue southerly and westerly; heavy north swell running along coast; good harvesting weather, and all plantations grinding cane; mean temperature, 64 deg.; rainfall, .75 inch.—C. R. Blacow.

Paauhau—Variable winds, with temperatures much lower again; harvesting of cane continues; rainfall, .15 inch.—H. Glass.

Honokaa—A dry week, with very warm days and cool nights; mean temperature, 67 deg.; rainfall, .08 inch.—C. H. Bragg.

Niuli—Fore part of week warm and calm, with abundant sunshine; latter part stormy, with low temperatures; mean temperature, 71 deg.; rainfall, .21 inch.—Robt. Hall.

Kohala Mill—Fine, warm weather at beginning of week, but very low temperatures during last few days; cane crops looking well; mean temperature, 70 deg.; rainfall, .19 inch.—W. O. Taylor.

Kohala Mission—Mean temperature, 69 deg.; rainfall, .19 inch.—Dr. B. D. Bond.

Prakea Ranch—Fair and cold during week, with very low night temperatures.

Maunaloa—Weather clear and dry, with light southerly winds during greater part of week.—N. Omsted.

Nahiku—Clear weather, with variable winds; rubber trees have shown a better growth during last few days; rainfall, .78 inch.—C. O. Jacobs.

Hilo—Dry weather, with warm days and cool nights; mountain streams low; pastures very dry, but range stock in fair condition; mean temperature, 67 deg.; rainfall, .39 inch.—W. F. Pogue.

Panhi—Weather dry and cold.—Geo. Groves.

Hakua—Nights cool, but days warm and sunny, with light winds and very little rain; conditions very favorable for growth of pineapples and ripening of fruit; sisal growing well; pastures and grazing stock in good condition; mean temperature, 71 deg.; rainfall, .48 inch.—D. D. Baldwin.

Paia—Occasional light showers, with warm days and cool nights; clearing and plowing land; irrigating, weeding.

Maunaloa—Weather clear, but rather cool; streams quite low; cane making slow growth; setting out rice in some sections; mean temperature, 64 deg.; rainfall, .02 inch.—Bro. Frank.

Kihikihi—Weather a continuation of that of last week; harvesting 1906 cane began on 29th ult.; steam plowing for 1906 crop; mean temperature, 71 deg.; rainfall, .21 inch.—Jas. Scott.

Kaanapali—Light showers at intervals, with warm days and cool nights; all growing cane looking well; mean temperature, 64 deg.; rainfall, .15 inch.—Wm. Robb.

ISLAND OF MAUI.

Kipahulu—Weather very warm and dry, with light northeasterly winds; weeding young cane, which is growing rapidly; harvesting and grinding cane; mean temperature, 72 deg.; rainfall, .05 inch.—H. Neubaur.

Hana—Weather clear and dry, with light southerly winds during greater part of week.—N. Omsted.

Nahiku—Clear weather, with variable winds; rubber trees have shown a better growth during last few days; rainfall, .78 inch.—C. O. Jacobs.

Hilo—Dry weather, with warm days and cool nights; mountain streams low; pastures very dry, but range stock in fair condition; mean temperature, 67 deg.; rainfall, .39 inch.—W. F. Pogue.

Panhi—Weather dry and cold.—Geo. Groves.

Hakua—Nights cool, but days warm and sunny, with light winds and very little rain; conditions very favorable for growth of pineapples and ripening of fruit; sisal growing well; pastures and grazing stock in good condition; mean temperature, 71 deg.; rainfall, .48 inch.—D. D. Baldwin.

Paia—Occasional light showers, with warm days and cool nights; clearing and plowing land; irrigating, weeding.

MANHOOD FOR MEN WHO HAVE LOST IT

Strong Men Are Full of Electricity.

Weak Men are Lacking in Electricity.

Do you want to Be "A Man Among Men?" Write Today.

Everybody Admires and Honors a Strong Man. Are You One?

Let any man who is weak, broken down, old and decrepit in physical weakness, full of pains and aches, gloomy, despondent and cheerless—any man who wants to be stronger and younger than he feels—let him come and tell me how he feels, and if I say that I can cure him I will forfeit \$1000 if I fail.

I don't want money that I don't earn. I don't need it, and am not after it. But I am after the dollars that are now going wrong in the quest of health. Look at all these poor wrecks of humanity that are spending all they earn on drugs—drugs that are paralyzing their vital organs—that have spent all they have earned for years without gaining a pound of strength for the hundreds of dollars wasted.

That is the money I am after, because for every dollar I take I can give a thousand per cent interest. I have cured so many cases right here that I can prove my claims to you, but if that proof is not enough I'll give you the names of men right near you—where you are. Is that fair?

Most of the Belts that I am selling now are to men who have been sent here by their friends whom I have cured. I think that is the best evidence that my business is a success from the standpoint of cures, as well as the dollar side. Wherever you are, I think I can give you the name of a man in your town that I have cured. Just send me your address and let me try. This is my twenty-fourth year in the business of pumping new vim into worn-out humanity, and I've got cures in nearly every town on the map.

Come and see me if you can and I'll fix you up; or, if you can't call, write to me, and I'll do the same. I've got a nice book on men that I'll send sealed, free, if you inclose this ad.

DR. M. G. McLAUGHLIN, 906 MARKET ST., above Ellis, SAN FRANCISCO, CAL.

fertilizing, harvesting and grinding cane; rainfall, .22 inch.—J. J. Jones.

Makawao—Fore part of week clear and warm, with southerly wind; latter part cold, with strong northerly winds and rain; early crops doing well; pastures and stock in fair condition; conditions in Kula section much improved—good pastures and plenty of water, owing to the late southerly rains.—E. H. Ballew.

Puunene—Weather dry, with warm days and very cool nights; three pumps started this week; harvesting of cane proceeding rapidly; rainfall, .62 inch.—J. N. S. Williams.

Wailuku—Weather clear, but rather cool; streams quite low; cane making slow growth; setting out rice in some sections; mean temperature, 64 deg.; rainfall, .02 inch.—Bro. Frank.

Kihikihi—Weather a continuation of that of last week; harvesting 1906 cane began on 29th ult.; steam plowing for 1906 crop; mean temperature, 71 deg.; rainfall, .21 inch.—Jas. Scott.

Kaanapali—Light showers at intervals, with warm days and cool nights; all growing cane looking well; mean temperature, 64 deg.; rainfall, .15 inch.—Wm. Robb.

ISLAND OF OAHU.

Ahuimanu—Weather comparatively dry, with cool nights, especially during latter part of week; mean temperature, 68 deg.; rainfall, .45 inch.—H. R. Macfarlane.

Maunawili—Weather has been unusually fine during last week; pruning and cultivating coffee; mean temperature, 70 deg.; rainfall, .20 inch.—John Herd.

Waimanalo—Weather fair, with warm days and cool nights; rainfall, .12 inch.—A. Irvine.

Honolulu—Mean temperature, 68 deg.; rainfall, .05 inch.—Local Office, U. S. Weather Bureau.

Manoa—Clear days and cool nights, with light winds and very little rain; pastures and vegetation looking well.—F. N. Parker.

Waianae—Day temperatures about normal, but early mornings still cold; some rain fell during early part of week; mean temperature, 70 deg.; rainfall, 1.31 inches.—F. Meyer.

Waiawa—Winter pineapples ripening

fast; large quantities of fruit showing up for summer crop; mean temperature 67 deg.; rainfall, .90 inch.—W. R. Waters.

Kahuku—Warm, sunny days and cold nights, with very little wind; all pumps shut down; harvesting and milling of cane going on rapidly; mean temperature, 69 deg.; rainfall, .50 inch.—R. T. Christophersen.

ISLAND OF KAUAI.

Eleele—Warm days and cold nights; harvesting and grinding cane; no rainfall.—McDwyde Sugar Co.

Koloa—Dry weather continues, with cold nights; harvesting and grinding cane; mean temperature, 68 deg.; rainfall, .60 inch.—P. McLane.

Lihue—Moderate weather, with variable winds; had a welcome shower of rain on 27th ult., amounting to 1.20 inches; mean temperature, 68 deg.—F. Weber.

Keala—Cool nights, with westerly winds; showery during fore part of week; mean temperature, 68 deg.; rainfall, 1.08 inches.—W. Jarvis.

Kilauea—Weather continues dry and cold, with northwesterly winds; mean temperature, 69 deg.; rainfall, 1.23 inches.—L. B. Boreiko.

Hanalei—Rice almost all planted for crop of 1906; lowland pastures have been much damaged by strong northwesterly winds and salt air; upland pastures doing well; rainfall, 1.15 inches.—E. G. K. Deverill.

A. McC. ASHLEY, Section Director.

BE QUICK.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croupy cough appears, will prevent the attack. It never fails, and is pleasant and safe to take. For sale by Benson, Smith & Co., Ltd., agents for Hawaii.

WHEELER STREET.

WASHINGTON, January 29.—The name of General Joseph Wheeler was honored in the House today by the passage of a bill renaming a street in this city "Wheeler" street.

WHY Honolulu Business Men Do Business with US.

Because our business is governed with that conservatism, combined with enterprise and up-to-date methods, which make for soundness and satisfactory service.
